

GBCP Ministries  
August 2009 Newsletter

It is through suffering that the grace of our God is made manifested and He has surely poured out His grace on the people of Gojra and Korain. Here are the martyrs that went to be with our loving grace Giver.

*Gojra victims*

You have all played an integral part of showing them the Lord's loving-kindness through your gifts of prayers and giving. The Lord has heard your prayer and responded with so much logistical grace and provisions.

Here are a few pictures that our deacon/evangelist Zulifqar Gill took as he visited both areas as he visited them 3 times this month to encourage them with the word of God.

*Zulifqar with pastor in Korian*

Then we have the prophet Jeremiah who proclaimed the Lord as our restorer and builder of broken walls and lives.

Oh Holy Father, how you have set in the hearts of Your children to rally together to build up and encourage and literally build new homes. Your glory never ceases. It's as if we have all taken a brick and a kiss and applied it personally to our Royal family in Pakistan.

GBCP will be concentrating in building up the homes in the hearts of the people of Pakistan. We are praying and waiting until they are settled in their new homes to go back and provide for them anything they may need. Hand sewing machines and doctrinal material is what they have asked for. As you can see they are living in the streets in tents as of 2 weeks ago.

*Temporary bathrooms*

We have the church paper work done to register our ministry. Please continue to keep this in prayer as our Lord loves to hear from His children.

We have also added a program on our website that reads the New Testament in the Urdu language for those who are illiterate.(which are most). Our desire is to set up computers in different areas where we have someone who desires to seek our Lord with all His or Her heart and begin bible studies there where they can listen to the messages already recorded by Faisal and hear the Word read to them. This is a ruff draft and we continue to pray as the Lord knows the details.

The school year has begun and Aqeel is **FIRST** in his class with perfect scores on the first exam and more importantly our Rufin is **SECOND** which is a miracle because last year he was one of the last. They are growing and very healthy now.

Your prayers and support has encouraged them and they say with spirit filled hearts “we love you sister carrie”..... which translated into English means....

**WE LOVE YOU ROYAL FAMILY!**

This month we hope to start the cable ministry in Faisalabad.  
All in His timing and grace!

Faisal and Carrie John
