

Grace Bible Church Pakistan
June and July Newsletter

These past 2 months have been extremely hot in Pakistan, not only physically, but spiritually. It was not the best time to do outreach as many of the Christian colonies are still praying for their sister colony in Bhamini wala village in Kasur district and helping them to restore their homes and lives. Grace Bible Church Pakistan sent to Pastor Azam a grace gift to help the families in the colony, as he lives close to the destruction. Here are some pictures he sent us.

However, we continued to go door to door in our Christian colony and the new Christian colony in our city. Here are some pictures of Zulifqar Gill passing out the “Tree of Life”.

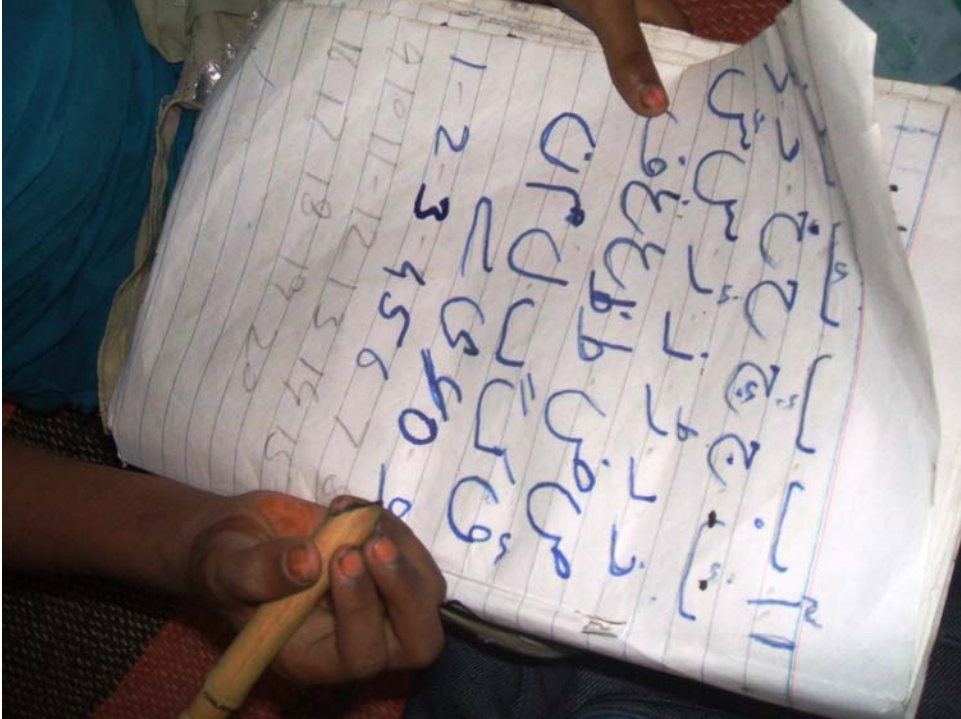

We went to the local cable company to begin the cable ministry and found out that our church needs to be registered with the government for protection before the cable company will release the message over the air waves. We have begun to save for the registration process and know our Lord will supply all our needs in His time. Please pray that we are able to type out these documents with precision and clarity and for us to choose the right advocate/lawyer to represent us when they are completed. If anyone is lead by the Spirit to help in typing or proofreading these documents and has legal experience please let us know.

Faisal continues to feed his sheep in Arifwala and we are blessed by the number of disciples that have held on daily to the truth. We now have 52 recorded messages and the website now is in the Urdu language. www.gbcpakistan.org
Next month we are forging ahead with outreach into the villages and cities with My Heart book lessons in which 3 have been completed in the Urdu language.

Rufin and Aqeel are very happy and growing in His grace and knowledge, along with a continual English/Urdu study, which Zulifqar opens the church for any children who want to join us. Below are some pictures of our little group

Notice that they use a wood stick that they dip into ink...very primitive.

Our dear Royal family:
On behalf of all those in Pakistan we thank you from the core of our heart and soul for all
your support and prayers.

In Jesus name
His children,
Faisal and Carrie John
