

Yet those who wait for the Lord will gain new strength; they will mount up with wings like eagles, they will run and not get tired, they will walk and not become weary.

Dear Royal Family, friends and loved ones,

First we want to thank God for answered prayers for our fellow soldier in Pakistan and his family, Pastor Shazam. You are a gracious and giving God who is always there for His children.

A football game and some food for our boys & men's ministry.

The men/boys bible study continually amazes us with more positive volition and great questions show us they understand the messages. In the past 3 weeks we have been transporting them in rickshaws to the old Christian colony building as they have express an interest in coming to worship with us on Sunday .

We would like to move into the new building, but as you can see from the picture below, we are in need of some funding to make this building ready for ministry service. We need toilets, water tower and a safer staircase along with a level concrete floor with drainage and plumbing to keep the water out of the building and into the street. We also need an electric meter and a UPS unit which stores power when the electric grid goes out, which happens often, and has been the death of 2 computers so far. We need about \$2300 to fulfill this task at hand. Please prayerfully consider giving for this need.

Rufin and Aqeel's brother Sonny, has been coming to our evening bible study with the men's group and he has expressed the desire to take care of the boys from now on. After prayer and being assured this was God's will for them, we gave them all our blessing and a gift. We have been very blessed to have them in our lives for the time that we did and we continue to see them daily in the children's ministry. Sonny is very interested in bible study.

We now have 5 villages that Zulifqar, Chris, and Rajehs visit and teach the word of God every Sunday afternoon. The village people have expressed a desire to come and join us for worship and Sunday service, but that is not possible until we have the new building ready for ministry. A woman from Village # 23 is very grateful for our visits as she stands firm in her faith and has been under constant pressure to change her mind about Jesus since her husband converted to another faith 22 years ago and left her to raise their 3 daughters and 1 son on her own. We want to see where the Lord leads us to help her besides bible doctrine on Sunday afternoon.

You ALL have an effect on the lives of Christians in Pakistan, from the love, provision and prayers that you share. We are building up men and boys in GRACE doctrine so they can share the TRUTH with who ever they are in contact with. We have seen the benefits of this and are amazed. We are praying about opening a sewing center with a young lady in village # 57. She has expressed this desire and we believe the Lord will answer. We are also buying bibles this month and providing cloths to a little guy who always has the same clothes on when Zulifqar visits. Also, village #51 needs a hand water pump when the electric goes off, as they have no access to water. There are 5 families in the little village area that are positive to our teaching.

Now for something interesting!

Gentiles walk through the streets and ask for gifts like flour, money, cloth as a sacrifice to gain your desires.

We urge you to please pray for Adil Amin, the primary translator of the Basics Book who is in brother Pervaz team. Many trials and illnesses have followed him and his family since the beginning his work in translation. The last translator, Daood Shams, also went through a great period of illness and many financial burdens, enough to affect the quality of work. We really need your daily prayer on this matter.

Now to Him who is able to keep you from stumbling, and to make you stand in the presence of His glory blameless with great joy, to the only God our Savior, through Jesus Christ our Lord, be glory, majesty, dominion and authority, before all time and now and forever. Amen.
